Z70 v2

Ref. ZVIZ70V2

Z70 v2. 7" KNX IP capacitive touchscreen for advanced control - Champagne

DETAILS

Color capacitive touch panel with 7" display for total control in smart homes and hotel rooms in a minimalist aesthetic environment. The built-in proximity sensor makes the screensaver appear when the touch panel is not being used and the luminosity sensor adjusts the brightness automatically. Z70 v2 incorporates an internal temperature probe, 2 thermostats and 4 analog-digital inputs. It includes USB and Ethernet port for program update.
Installation in European/British standard double back box.

Advanced features can be activated with the following licenses:

- Remote Control License – Remote control through a mobile app or a web browser:
  - Ref. 8500006 - Virtual License
  - Ref. ZLIC70RCBX - Box License
